

Raising Attainment in Primary R.E.

Raising Attainment in Primary R.E. provides effective strategies to support and drive higher standards in your children's R.E. work. We are working with TT Education to provide this course for schools in Peterborough and nearby areas.

Link your R.E. provision to current developments in curriculum design: developing pupils' love of the subject, helping them to draw on other subjects but also using R.E. to inform those subjects – all without compromising on academic standards.

Course objectives / outcomes

- Bring your curriculum in line with Ofsted principles
- Unpick important R.E. skills that match other areas of learning
- Develop high standards of SMSC, including PSHE, kindness and wellbeing
- See how R.E. can impact on tolerance, respect and other British Values
- Discover practical approaches and games that can be easily implemented in the classroom
